## PATRICE LECONTE (PAPERBACK)

MANCHESTER UNIVERSITY PRESS, United Kingdom, 2005. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Lisa Downing s comprehensive study of the films of Patrice Leconte, the maverick chameleon of contemporary French cinema, traces lines of continuity and revision through a body of apparently disparate films whose messages often appear both contradictory and controversial. Pursuing a close reading of the recurrent themes, styles, intertexts and techniques which structure Leconte s filmmaking, Downing re-evaluates Leconte s status as an enigmatic artist offering complex and paradoxical commentary on contemporary questions of sexuality, ethics and identity. She indicates for the first time the ways in which Leconte s cinematic concerns mirror significant trends in modern and postmodern thought. In the light of her readings, Leconte s hybridity reappears not as indecision or a lack of substance - as certain critics have argued - but as a valid and challenging ethical and aesthetic strategy. This book is the first full-length critical work in English on Leconte s cinema. It provides essential reading both for enthusiasts of French cinema and for those fascinated by the relationship between popular culture and high theory. Harnessing a critical approach that combines clarity and intellectual rigour, it invites students, researchers and interested filmgoers to consider anew this rich and understudied body of films.
