Reviews

This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

BEGINNING WITH SYLLABLES: AZBUKA 3

Createspace, United States, 2014. Paperback. Book Condition: New. 249 x 198 mm. Language: English . Brand New Book ***** Print on Demand *****.Our book Beginning with Syllables is the third step in our series to prepare children to read in Russian. The goal of this book is to teach the child read some syllables and simple words, thus introducing them to fluent reading of all syllables. This book introduces the concept of reading syllables to children who know most of their letters in Russian. The vowels, soft and hard consonants are color-coded. This book starts with vowels and hard consonants. Each page has a picture and only one word on it, to focus the child's attention. There is a sentence for the parent to read about the picture. The child can not always guess from the picture what is the word, so they have to actually read it.
