Ophelia walked away from her life as a prostitute, hell-bent on a fresh start-and a new career. But managing the bloodhound manor in Iron Creek is like juggling knives while putting out fires. And then there s her inconvenient attraction to Hunter. One minute, the feral new hound seems determined to claim her. The next, he won t even look at her. Having survived the violence of his first full moon out of a cage, Hunter now faces his first new moon. He s almost gotten a handle on his unacceptable lust for Ophelia when she makes him an offer he should -but can t-refuse: to be the woman who sates his desires during the new moon s three long days of sexual fury. Never mind the chance that he could hurt her-she longs to settle into a respectable life, and what he wants from her is anything but respectable. Their mutual goal is simple: avoid entanglements. It s a solid plan-until a vampire drug lord and a couple of nosy Guild representatives force them to work together to defend their friends and everything they hold dear. Including each other.
