Reviews

An incredibly awesome publication with perfect and lucid reasons. It can be written in simple phrases and not confusing. I am just delighted to let you know that this is actually the very best publication I actually have studied during my very own lifestyle and could be the best publication for actually.

HANDBOOK OF CHEMICAL TECHNOLOGY AND POLLUTION CONTROL (HARDBACK)

Elsevier Science Publishing Co Inc, United States, 2006. Hardback. Condition: New. 3rd edition. Language: English . Brand New Book ***** Print on Demand *****. The Handbook of Chemical Technology and Pollution Control, 3rd Edition provides a detailed review of the chemistry and operating conditions of many of the present large-scale chemical processes important to our economy and high standards of living. The processes that could lead to emissions affecting our air, soil, and water are considered, together with ways in which it may be possible to reduce or eliminate these pollutants. Focusing on cleaner production concepts without neglecting end of pipe measures. With an increase in the awareness of corporate and social responsibility among business and industry leaders, the pressure to reduce harmful emissions and the desire to increase efficiencies and energy utilization, this book provides an essential resource. Suitable for researchers, practitioners and postgraduate students in the fields of chemical and biochemical engineering and environmental science, as well as government monitoring and regulatory agencies and industry leaders who want to stay one step ahead, this book will be a valuable addition to any library.
