Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Books for Bible Students, Vol. 1: The Dawn of the Reformation I have entitled this little work The Dawn of the Reformation. My purpose is to trace the various influences and forces both within and without the Church, which produced the great revolution of the sixteenth century. At what hour dawn begins is always a matter of dispute, and depends largely on local circumstances. But one thing is certain. A new day has begun long before the average worker has commenced his toil. So with the Reformation. The study of its causes cannot commence with Erasmus or Savonarola; its methods and results were to some extent settled for it in the century before Luther or Cranmer. My narrow limits have compelled me to omit many things of interest, and to compress into a few lines others which demanded as many pages. I have constantly realised that to write a small history is more difficult than to write one of larger margins. In what I have included, as well as in what I have omitted, the understanding of the Reformation and its causes has alone had weight. If it be objected that I have given a disproportionate space to Wyclif, or made him bulk larger than he did in his own day, I must plead that his life has scarcely received the attention it deserves. The materials, in fact, for estimating his work and character have but recently become generally available.
