

Design Primer for Hot Climates

By Maritz Vandenberg

Archimedia Press Limited. Paperback. Condition: New. 156 pages. Dimensions: 9.2in. x 7.3in. x 0.5in. This highly practical book has been written to encourage design solutions that are in harmony with local climates and conditions: a matter of economic as well as aesthetic importance. The initial chapters explain the fundamentals of climate and comfort. Subsequent sections set out environmental design techniques: methods of dealing with hazards such as earthquakes, lightning and termites; and guidance on the use of locally available materials and technology. The emphasis throughout is on illustrated and tabulated practical advice, with many drawn examples of building form and construction, and lists of suitable plant species. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This is the finest publication we have read through right up until now. Better than never, though I am quite late in starting to read this one. It has been written in a remarkably easy way in fact it is only after I finished reading through this book by which basically altered me, affected the way I think.
