Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

It is over a quarter of a century ago that these great teachers in Israel, with their fellow-workers still happily with us, began the good fight on behalf of an undivided Israel and on behalf of an unbroken connection with Israel's history and Israel's traditions. The Almighty, who shapes our destinies, has so willed it that I, the first graduate of the Seminary they established, was for thirteen years to toil under other skies on a distant sub-continent, in one of the youngest of the world's Jewries. But now, across many seas have you called me to become your rabbi, and I have bidden farewell to dear friends and dearer fields of labor to help in the grappling with the religious, educational and organizational problems...
