GAME THEORY AND NATIONAL SECURITY

Wiley-Blackwell. Hardcover. Condition: New. 216 pages. Dimensions: 9.3in x 6.4in x 0.8in. In this path-breaking theoretical work, political scientist Steven Brams and mathematician Mark Kilgour show how game theory can be applied to the rigorous development and thoughtful analysis of several critical problems that afflict the security of nations, from the deterrence of foes who might launch attacks, to the stabilization of crises that could explode into wars. In addition, they analyze a variety of related questions, including the interlocking preferences...
