I m trying to kick the bad boy habit and hold on to the loving books one. When I take the new librarian position in Fortune, I immediately say yes when the Chief of Police asks me out and deliberately turn my back on the bad motorcycle riding boys that litter the Fortune landscape. After all, my bad boy yen was kick started by the frequent absences of my nomad father. But no one turns down a man like Judge, the president of the Death Lords MC, not even a girl trying to be good. Judge When Pippa Lang breezes into town in her little red convertible, the wind blowing out her big red hair, there is no way the dirty Chief of Police is going to keep her. That red hair belongs on my pillow and her hot body between my sheets. And no one, not the Chief, not the town, and not even Pippa, is going to stop that from happening.
