iUniverse, United States, 2010. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Holy Bible is the figurative allegory of God s creation. It was only fitting that in a dual heaven and earth unity of object and subject that both the literal translation of the word as well as the figurative be combined in the only absolute truth known to man. This inspired revelation was nullified by the 15th century age of science which will bisect creation, closing the subjective curtain to heaven and placing Big Bang upon God s vacated throne. This will turn creation inside out unleashing the great Satan viper to adulterate freedom in its constraint of earth s fiery genesis of chaos. America will become an immoral cesspool script to a deceptive liberal and progressive mindset of a false utopia unattainable on imperfect earth. This book cries out to the Tea Party freedom loving patriot to rid the scourge now overtaking the land.
