TEXT-BOOK OF OPHTHALMOLOGY (CLASSIC REPRINT) (PAPERBACK)**DOWNLOAD**

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Text-Book of Ophthalmology Since the first edition of this book was published five German editions have been issued. Each of these has been characterized by the addition of important new matter and by the thorough revision of the old. This is particularly the case with the last or seventh edition, which, in addition to the merits of lucidity, judicious treatment of the subject, and excellence of proportion and balance, that have always characterized Prof. Fuchs's treatise, bears everywhere the marks of the most thorough revision, of additions and corrections, bringing the book up to date in all its parts, so that it presents an excellent summary of ophthalmological science as we know it to-day. Although alterations will be found on almost every page, the most marked changes will be met with in the sections on functional examination, the pathology of corneal and conjunctival diseases (especially the parts relating to ulcus serpens and diphtheria), and the diseases of the fundus. Over eighty illustrations have been added. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
