

Cantenna - the Poor Wifi-Hackers Choice (Paperback)

Filesize: 5.34 MB

Reviews

It in a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Mr. David Friesen IV)

Lulu.com, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In this very short book we will teach you how to construct a cantenna, and we will test it at a distance to see how well it performs. The book is full of pictures and describes in detail with measurements in the metric scale. People have asked me about this since my first book, if it was possible to get the cantenna chapter in a separate book, so I thought about it for a while and I had the extra time to do so, but I m sorry it took so long.
