APRESS L.P. Aug 2016, 2016. Taschenbuch. Condition: Neu. Neuware - Redesign your static website into a modern, fully responsive website. As the usage of mobile devices of all shapes and sizes increases exponentially every year, and dominates the manner in which many users access the web, it is now imperative for any business to have a responsive website that adapts seamlessly to any screen size and resolution - a change that will impact not only your designs but the way you build your site.
