Reviews

It is just one of my personal favorite publications. It is among the most awesome publications I have read. It is extremely difficult to leave it before concluding, once you begin to read the book.

HOW TO STUDY THE BIBLE: A PRACTICAL GUIDE TO INDEPENDENT BIBLE STUDY (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Although written by a serious non-denominational Bible student and teacher of nearly 40 years, this book is not for the professional Bible scholar or theologian. It is for the independent Bible student who would like to know more of the Bible's teaching without a denominational slant or dependence on a professional. In recent years, the availability of helpful reference works has exploded, as have resources on the Internet. As modern Bibles and the religious world are becoming more premillennial and Calvinistic, the emphasis on online easy-to-use Bible aids helps today's student remain true to God's word-for-word inspired text. You can take advantage of these new opportunities for yourself. Samuel G. Dawson brings the Bible to life as he makes it relevant for today. Lessons progress from examining basic attitudes toward the Bible to choosing a dependable translation to rules for interpretation to dealing with difficulties in the Bible. Not only will you learn how to study the Bible, but you'll also come away with good, basic Bible knowledge from all the examples given in the book.
