In response to a congressional request, GAO reviewed the Department of Housing and Urban Developments (HUD) method of determining fair market rents for its rental assistance program. GAO found that: (1) HUD establishes the base level of rent by using the census, the American Housing Survey, and the consumer price index; (2) because HUD recognizes that limitations exist in its data, its procedures provide for appeals to improve its rent estimates; (3) HUD headquarters and field offices may take different actions regarding appeals that could result in disparities in the levels of rent allowed for new and existing units; and (4) HUD does not maintain data concerning possible disparities in allowed rent levels, such as exist in Suffolk County, New York. This item ships from La Vergne, TN. Paperback.
