Reviews

Absolutely essential go through publication. It is filled with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Dr. Sierra Lowe Sr.)

HEALTH CARE AND GENDER (PAPERBACK)

Russell Sage Foundation, United States, 1992. Paperback. Condition: New. New edition. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Health and medical services should meet individuals needs regardless of gender, but in both subtle and overt ways this is very often not the case. Gender biases result not only in flawed access to care but also in insufficient medical research, uninformed diagnoses, and gaps in covering critical needs. In Health Care and Gender, Charlotte Muller provides a contemporary assessment of the forces that sustain gender biases in the health and medical professions. Beginning with an analysis of gender comparisons in health care usage and adequacy of treatment, Muller discusses the experiences of many different women: working women with insurance coverage, the poor dependent on Medicaid, and the elderly. She also focuses on the issues facing women of reproductive age and shows how poverty or extremely volatile political and ethical controversy may impede their search for basic maternity and family planning services. Drawing on a large body of evidence from medical, health, and behavioral literature and from national statistics, Health Care and Gender probes a timely and crucial topic. For scholars, analysts, and policy makers interested in women s studies, health and medical care, gerontology, consumer and labor economics, and social justice. Muller s thorough analysis looks to the future by presenting agendas for reform, research, and evaluation.
