Reviews

Comprehensive information for book lovers. This is for all who statte that there had not been a worth studying. Its been printed in an remarkably simple way which is simply following i finished reading through this pdf where actually modified me, change the way i think. (Rebekah Smith)

STAYING ATTACHED: FATHERS AND CHILDREN IN TROUBLED TIMES (PAPERBACK)

KARNAC BOOKS, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. This book is about the changing social contexts for fathering in the United Kingdom since the end of the Second World War, and the social moves from patriarchal fatherhood to multiple ways of doing dad . The book questions why fathers have been marginalised by therapists working with children and families. It proposes that theories of psychotherapy, including attachment theory, have failed to take father love for their children, and the reality of changing social fatherhoods, sufficiently into account, consequently affecting related practice. Different contemporary family structures and multiple variations of relationship between fathers and children are considered. Many fathers, brought up within earlier patriarchal frameworks for viewing fatherhood are still trying to exercise these within contexts of rapid change in expectations of men as fathers. They may find themselves in troubled and oppositional relations with partners and often children. Examples are given for thinking about fathers in different relationship transitions, including non-live-in fatherhoods, re-entering children's lives after long absences, fathering following acrimonious divorce, and a range of social fatherhoods. Depression and mental illness are addressed. Work developed with fathers to keep them connected to their children, both in and out of the family court, is described and explored.
