

Never Smile at a Monkey

By Jenkins, Steve.

Houghton Mifflin. 1 Cloth(s), 2009. hard. Book Condition: New. Of course you wouldn't pull a tiger's tail or stomp on a rattlesnake, but did you know that you should handle a platypus with care? Here readers 4 to 8 can take a new look at animals whom we often forget are dangerous (kangaroo, hippopotamus) and some whose lethal characteristics we may not have fully appreciated (Humboldt squid, rhesus monkey), alongside such unassuming creatures as the cone shell, which can launch poisoned barbs like harpoons. Much as he did in *Creature Features*, *Actual Size*, and the Caldecott Honor Award book *What Do You Do with a Tail Like This?*, Steve Jenkins depicts animals in gorgeous, scientifically precise collage portraits. 32.

Reviews

This written publication is fantastic. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of your respective time (that's what catalogues are for concerning should you ask me).

Completely essential go through book. I actually have go through and i am sure that i am going to going to read yet again yet again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.
