COMMONWEALTH UNIVERSE, AGE 1: VOLUME 1: KHYBORS: IN THE BEGINNING (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.

Go far back in Commonwealth history, before the Downfall of First Civ, when the galaxy-spanning civilization called itself the Central Allied Worlds. Three novellas in one volume explore the birth of the Khybors, whose descendants will impact the Downfall, the rebirth of civilization, the return to the stars, and the Commonwealth far into the future. When her gift reached out beyond her own biology, she stood poised between being the bearer of a great gift for humanity, or a threat that would change the universe. Ambush: The twins, Casta and Pol, should never have been born, and there were many enemies who would still try to destroy them as they reached adulthood. Hidden away on a remote colony world with their uncle, they were allowed to explore all their potential, develop all the gifts they could imagine. That potential was put to good use when their home was attacked and their uncle was kidnapped by enemies intent on destroying first their world, then civilization. Their favorite game was called Ambush, and now the game had become reality. The enemy would never know what hit them. When the smoke had cleared, they had regained more than their uncle. Now...
