Cornell University Medical Bulletin Volume 3, No. 3

By Cornell University Medical College

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1914 Excerpt: .of the fixed oil from the seed, but Poulet7 had previously shown that this fixed oil from another species of Strophanthus was absolutely inert, and in this laboratory we have found that the fixed oil of Strophanthus hispidus contained about one-thousandth part of the active principle of the seed from which it had been obtained. The average dose of strophanthus, 0.065 gm. (1 grain) contains about 0.020 gm. (Vs grain) of the fixed oil, and we have found that vastly larger amounts of the oil were without perceptible effect when administered to cats by the mouth. The official tincture of strophanthus contains only traces of the fixed oil, hence there is no possibility that this oil is concerned with emesis which sometimes follows the oral administration of the tincture. TABLE 6-- THE RELATIVE CARDIAC AND EMETIC ACTIVITIES OP FAT-FREE TINCTURE OF DIGITALIS A commercial fat-free tincture was...
