Reviews

This publication might be worthy of a read through, and superior to other. It normally is not going to charge excessive. Its been written in an remarkably simple way and is particularly just after i finished reading through this book through which in fact transformed me, alter the way i really believe.

Johns Hopkins University Press. Paperback. Book Condition: new. BRAND NEW, The African Religions of Brazil: Toward a Sociology of the Interpenetration of Civilizations, Roger Bastide, Helen Sebba, Written by one of France's most brilliant and creative anthropologists, The African Religions of Brazil is regarded as a classic in Afro-American studies. First published in France in 1960, the book represents a singular effort to develop a theory of the interpenetrations of African, European, Christian, and non-Christian cultures in Brazil from colonial times to the present. Addressing a remarkable range of topics-from mysticism and syncretism to the problems of collective memory, from the history of slavery in Brazil to world-wide race relations-the work is shaped by the author's rich and original conceptual framework. The result is a compelling study of the origins and growth of a native religious environment. The English translation is supplemented with a biographical foreword by Richard Price and a thematic introduction by Brazilian sociologist Duglas T. Monteiro.
