INDUCTIVE POWER TRANSFER USING LLC TOPOLOGY

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The portable device industry has been rapidly expanding in the last decade. The charger of the low power portable devices such as mobile phones, notebook, laptop etc. has gained more attention. The power for these portable electronic products is provided by the battery which is frequently rechargeable. However, as technology advances, products are becoming compact and portable and the only parameter that limits the operation of these devices is the battery. In these...
