QUANTUM LACE BOOK THREE (VOLUME 3)

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 108 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. In this third book of the Quantum Lace series, Bridgit awakes in April 1865 finding herself again in Charleston, South Carolina only this time and at the end of a civil war that divided a nation not just across the line delineating North and South, but across questions and arguments around the definition of what it means to be free that still to this day have not been effectively answered, nor the wounds healed. Over the coming days, Bridgit is witness to actions driven by both the highest ideals for which a man can stand and the lowest to which he can stoop and she will completely reassess her understanding of the entire concept of FREEDOM (and it will not be as black and white as you might think). The story of time travel you are about to read, while a work of fiction, is largely based on real science, real people and real events. Where fact leaves off and fiction begins is for you to decide. Do a search on just about anything in this book and make up your own mind what is real. This item ships from La Vergne, TN. Paperback.
