Reviews

This book might be worth a read, and superior to other. Of course, it really is engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

What is your personal view of Christianity based on a belief has to be rooted in some type of foundation or it is little more than a fairytale. You may say that you have 2,000 years of tradition and that is good enough for you. What did the early church have for their foundation Wasnt it just hearsay from the early apostles No, it was the miracles. God the Father provided for the early church the ability to heal the sick, cast out devils, and bring back the dead. Those unbelievable powers or gifts gave them credibility. What gives modern day Christians credibility What about the Bible Doesnt that give us all we need to know Yes, but have you really ever read the Bible to understand it Besides those catch verses you hear Christians constantly regurgitating, have you ever read the whole thing from front to back to understand Gods credibility If you read your Bible through a couple of times and tried to live the life your Loving God would have you live, you wouldnt need to be challenged. Most so-called Christians hide behind the doctrine they and their chosen friends have accepted and think God will see it their way after they pass from this life. Whether you want to believe this or not, that thought process just wont hack it. God expects more! Do your Christian values allow you to work (labor) toward your salvation If not, why not Havent you heard the old adage, anything worth having is worth working for Instead, you hide behind modern Christian tradition. It goes something like this: Christian life is all about faith and you can do nothing to add to it!...
