Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Perception and thinking are the most powerful tools available to a human being. Healthy thinking is a path to success and health and improving the quality of life. The future becomes a reality when a person starts implementing positive thinking. In other words, be optimists! Today only, get this Paperback book for just \$17.99. Regularly priced at \$24.99. Scientists from different countries made a conclusion that optimists live longer than pessimists, they have fewer diseases and feel the pain weaker. But how this can be explained? Why positive attitude strengthens our health? Hardly anybody would deny that physical activity and proper nutrition, arguably, take the first place among drug-free methods of healing. But even if you can't stand diets and can't get along with sports very well, there still might be hope for your health! According to scientists, cheerful temper and a belief in a brighter future can strengthen your body and hold up the old age because optimism doesn't simply protect your nerves - Moreover, it strengthens the immune system, repels bacteria and allays pain. In one of their recent studies, the scientists of the University of Pittsburgh proved that people who don't focus on something and treat all of the life's troubles with a natural heart have three times less viral infections in comparison with pessimists and whiners. Doctors even conducted an experiment to confirm their theory: they infected groups of volunteers with a cold virus to assess the body reaction to the virus. And optimists' immunity was much more resistant to the virus! It is widely known that the medicine has been acknowledging the influence of emotions on health for ages. But it...
