Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Learn the Basics of Speed Reading Today! This 21st century, we just started to undergo a major revolution in information. Access to information is made easy, thanks to the World Wide Web. In addition, there is a wealth of information provided by journals and magazines catering to a plethora of niches. Modern technology has made it easy for us to find information on almost any subject which suits our needs. Also with Two complete Bonus chapters with information you can use right Now! Although we experience rapid increase of information and improvement in access and availability, most people find that they don t have time to read the material they are interested in or are required to read. Often times, books and magazines, untouched and dusty, sit on shelves, waiting their turn to be read. If you need to find time to read your favorite books and just get the gist of the materials that you are required to read, you need accelerated reading skills as well as improved comprehension. Improved reading speed allows you to read more materials at the same time that you spend reading now. In turn, you ll have more time to read for leisure. As you learn to improve your reading skills, you ll also learn to focus on important details of the material. You ll be able to retain more of what you ve learned from the material. Also, you ll find time to continue doing things that previously were a hindrance to reading more. Everything you need to know to increase your Reading Speed If you want to improve your reading rate, then start with this book. This book contains all the techniques, theories, and...
