Happiness and success are goals we all strive for. But how do we achieve these goals, and how do we protect ourselves if we fail? The answer lies within the power of the mind. Dr. Joseph Murphy, one of the world's best-known authorities on the power of the subconscious mind, shows readers not only how to unleash this power, but how to harness it and effectively use it to change their lives. Fully updated to reflect the sensibilities of the 21st century, this revised edition of a self-help classic is the key to overcoming the psychological barriers that stand in the way of greater material, spiritual, and emotional wealth. Over 100,000 copies sold in its first edition. This is a book for those who wish to obtain the riches that are all around them. Based on the premise that everyone has the capacity to lead a full and happy life with all the money they need, Murphy shows readers simple techniques and easy-to-follow programs on how to effectively use the laws of the mind to gain immediate results in achieving wealth. Throughout, readers are given real-life examples of men and women who were penniless but learned to tap into their subconscious mind to attract the riches they needed to live both contentedly and prosperously.
