Betascript Publishers Dez 2009, 2009. Taschenbuch. Condition: Neu. Neuware - High Quality Content by WIKIPEDIA articles! Queer theory is a field of critical theory that emerged in the early 1990s out of the fields of gay and lesbian studies and feminist studies. It is a kind of hermeneutics devoted to queer readings of texts. Heavily influenced by the work of Michel Foucault, queer theory builds both upon feminist challenges to the idea that gender is part of the essential self and upon gay/lesbian studies' close examination of the socially constructed nature of sexual acts and identities. Whereas gay/lesbian studies focused its inquiries into 'natural' and 'unnatural' behavior with respect to homosexual behavior, queer theory expands its focus to encompass any kind of sexual activity or identity that falls into perverted, normative and deviant categories. 132 pp. Englisch.
