

Evil Evolution: An Attempt to Turn the Light of Modern Science on to the Ancient Mystery of Evil (Classic Reprint)

Filesize: 7.42 MB

Reviews

These types of book is the perfect pdf available. I actually have study and that i am sure that i will planning to read through again again in the foreseeable future. Its been designed in an exceedingly basic way which is simply soon after i finished reading through this publication in which basically changed me, modify the way i believe.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *Evil Evolution: An Attempt to Turn the Light of Modern Science on to the Ancient Mystery of Evil* The existence of evil in the world is the standing riddle of all the ages. This book is the outcome of an attempt to reconsider the subject in the light of the modern theory of Evolution. Readers of it may notice that it contains scarcely any reference to the Bible: no passages are quoted from it, no appeal is made to it. Nothing should be inferred from this as to the writer's opinion of the Bible. This book is intended for general readers, all of whom have a very vital interest in the world's sorrow and suffering, but many of whom are in doubt and perplexity as to the degree of authority to be accorded to the Bible. The writer is convinced that if anything useful is to be said upon the matter at the present time, it can only be by bringing to bear upon the facts of the world around an eye of quiet observation, and a judgment fearless of everything but falsehood, and quite unbiassed by authorities ancient or modern. This is what he has endeavoured to do. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
