When Kendrick the drifter joins a circus and becomes Marbles the Clown, he discovers the art of transformation; an escape from the woes of his everyday life. An unfortunate encounter with a feral child in the woods, as the Full Moon prepares to meet the approaching dawn, sets off a gradual transformation beyond anything Marbles could imagine. His deterioration over the following two weeks leads to his apparent death and the circus moves on. Waking up in the morgue a few days later, the slow transformation of Marbles the Clown begins. In a desperate bid to catch up with the circus as it travels from town to town, city to city, Marbles embarks on a two week journey of nightmare carnage and unconquerable insanity, finally reaching his destination in time for the real and terrifying transformation to take hold.
