John Wiley Sons Inc, United States, 2004. Hardback. Condition: New. New. Language: English . Brand New Book. This book includes a foreword by Dr. James D. Watson, the co-discoverer of the DNA double helix, and Dr. Jan A. Witkowski. From the Foreword by Drs. Watson and Witkowski: DNA: Forensic and Legal Applications is a comprehensive and invaluable guide to the field, covering topics ranging from collecting samples in the field to presenting the complex results to a jury. We are sure that it will play its part in promoting this most powerful tool in the forensic scientist's armamentarium. DNA: Forensic and Legal Applications covers the technology and laws related to DNA, as well as the use of DNA evidence in the legal system. This combination of science and law makes it the first comprehensive title of its kind and an appropriate reference for those with both elementary and advanced knowledge of the topic. It draws together in one source information that would previously have required extensive research and reliance on experts to obtain, offering both breadth and depth in a clear style without sacrificing scholarly goals. With material from both scientific and legal areas, DNA: Forensic and Legal Applications covers the latest advances in technology. It provides an ideal text for forensic scientists and students of forensic science, analytical chemists, lawyers, judges, police officers, and detectives.
