Inside Network Security Assessment: Guarding Your IT Infrastructure is a collection of utilities and templates that will take you through the assessment process. Written by two highly qualified authors with close ties to the International Information Systems Security Certification Consortium, this book was developed with the goal of being a text for the CISSP continuing education class on Network Security Assessment. You will be provided with step-by-step training on assessing security, from paperwork to penetration testing to ethical hacking. You'll save everyone time and money by learning to perform security assessments yourself with the help of Inside Network Security Assessment. 293 pp. Englisch.
