

Water: The Blood of the Earth - Exploring Sustainable Water Management for the New Millennium

By Allerd Stikker

Cosimo, United States, 2007. Paperback. Book Condition: New. 224 x 148 mm. Language: English . Brand New Book ***** Print on Demand *****. Allerd Stikker has always reminded me of Alexis de Tocqueville, who would have chosen to study the problem surrounding water rather than the American democracy. He has the same insatiable curiosity, the same energy, same passion, same ease in mixing analysis with intuition, the capacity to draw together different cultures, the same capacity to listen and to dialogue with those who reason from different starting blocks. Water, the Blood of the Earth is the outcome of reflection and action of a cosmopolitan who has remained loyal to his native land, mixing some European thinking of the Age of Enlightenment with some futuristic viewpoints. -Charles Louis de Maudhuy, advisor to the chairman, Veolia Water Lack of access to clean and sufficient water in many parts of the world, especially in Asia and Africa, will be a major issue in the coming decades. This book presents an overall view on the diversity of problems and solutions, based on the author s involvement in water-related projects. Over the course of the years I have followed some of these projects with...
