Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The time for Revolution is ripe The earliest parts included in this work were written when I was 16, in 1986. Other parts were written in 1996, but I started writing and compiling in earnest in 1999. I will not deny that the inspiration for its commencement and consummation came in great part from real-life events happening to, and around me. It was the singularity of these events that sparked my own destiny into active form. The result is a chronicling of these successions. Despite the fact that much of what is here found takes place in the realm of everyday life, what with its bickering and quibbling, there was always a greater goal, a higher aim. Sometimes that aim came accompanied with aches, sometimes with smiles. I have changed, I have grown, and I have, to a great degree, controlled myself. I have always viewed, from day one, that this whole story was, in the end, my voice to the entire Earth....
