Peter Trahier thought it was a small matter to walk out of his office without permission in order to talk with a man who might be able to further his political career. What possible harm could his action have had? Phyllis Bentley, while painting a vivid picture of the industrial West Riding of Yorkshire, gives us a chain of events that immediately follows; a sequence of cause and effect ripples through the whole community, its impetus continually increasing, till it surges with tragic force against the young man s own doorstep. This is Phyllis Bentley s finest piece of story-telling. Phyllis Bentley (1894-1977) was born in Halifax, West Yorkshire, where she was educated until she attended Cheltenham Ladies College, Gloucestershire. In 1932 her best-known work, *Inheritance*, was published to widespread critical acclaim and commercial success. This was in contrast to her previous efforts, a collection of short stories entitled *The World s Bane*, and several poor-selling novels. The success of *Inheritance* made her the most successful English regional novelist since Thomas Hardy, and she produced two more novels to create a trilogy; *The Rise of Henry Morcar* and *A Man Of His Time*. This success made her a much demanded speaker and she became an expert on the Bronte family. Over her career she garnered many awards; an honorary DLitt from Leeds University (1949); a Fellow of the Royal Society of Literature (1958); awarded an OBE (1970).
