Absolutely essential study book. It normally fails to price excessive. I realized this ebook from my dad and i encouraged this publication to find out.

Crown House Publishing, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Rules for Mavericks: A Manifesto for Dissident Creatives by Phil Beadle is a guidebook to leading a creative life, to being a renaissance dilettante, to infesting your art form with other art forms, to taking a stand against mediocrity, to rejecting bloodless orthodoxies, to embracing your own pretension and, most of all, to dealing with your failure(s). If you make any stand against power, then power will stand against and on you. And it will do so with centuries of experience and techniques in how to do so effectively: you will be painted as barbaric, dismissed as stupid and insane, be told to know your place. Most of all, you will be termed maverick. This genre-flouting manifesto is written by someone who has achieved and has failed in more than one field. As a Guardian columnist, award-winning teacher, award-winning broadcaster, author, editor, singer, songwriter, producer and public speaker, Phil Beadle knows a bit about leading a life producing good work across a variety of platforms. In this elegantly written book he glides and riffs around the idea of maverick nature, examines the processes of producing good work in creative fields and broaches the techniques that orthodoxies use to silence dissident voices. It is a how to dream book, a how to create book, a how to work book and a how to fail productively book; it is an examination of the many accusations that any dissident creative will face over a long career stirring things up, a guide to dealing with these with grace and a study in how to make creativity work for you. Rules for Mavericks is for anyone who wants to live and work more creatively and successfully. Contents include: Introduction: maverick nature...
