Exploration and Investigation of the survival instinct to explore space activities. The purpose of human vision. watch or understanding of nature. natural aesthetic. From this point of view. the watch is an art. Famous landscape painter Huang Bin once said: never say HAWTHORNE. instead of painting. such as rivers and mountains. This seems to imply that we do not need to understand nature through natural. by contrast. is depicted by artists natural through their natural aesthetic to deepen the understanding of nature and even memory. Before the advent of photography. no matter how people value art depicted nature. this depicts how lifelike. but the painting can still make a distinction between a natural in front of. But photography has changed the viewing reality. so watch the results. I mean here is the image. replace or enhance the natural in front. so naturally presented in a mysterious way in front of people. so watch together while shooting is one. The photographer fact some people. through keen observation. they naturally wonderful moment into eternity. They coincide the Eye of the machine with the mind's eye. so naturally into startling image. the result is the natural value in the image has been sublimated. The beauty of nature is also the image can be achieved. It is in this sense. the images replace...
