Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Index of Training Films: A Guide to Motion Pictures and Slidefilms Available for Industrial Training Use Safety films are not included in this index. The Editors prepared a special listing in this area two years ago. This effort has now been assumed by the National Safety Council for whom the original catalog was compiled. A new edition is now in publication. Information concerning safety films will be supplied on request to the Editors of the index, 157 E. Erie Street, Chicago (11) Illinois. Only films related to the field of industrial-vocational training have been included in this guide. For the general field of visual education there are excellent source lists already available from such competent publishers as the H. W. Wilson Company and others. Sales training and the field of distributive education will be served in another specific edition of this guide to be published later. This first edition of the index will be supplemented and revised frequently. Hundreds of these listings first appeared in the pages of our publications and have been made freely available to other sources. Changes and additions will be published in business screen throughout the year in a form suitable for pasting into these pages. Films are withdrawn frequently, often without previous notice, and new titles appear constantly. The safest rule to follow is to order early, preview thoroughly and use these training materials wisely. They can pay dividends in better morale and improved production.(a key TO abbreviations OF sources listed) About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
