

Anesthesia Oral Board Review: Knocking Out the Boards (Paperback)

Filesize: 2.82 MB

Reviews

This ebook will be worth acquiring. It is actually written in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Trystan Yundt)

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The accreditation process for anesthesia in the United States is considered one of the most difficult in all medical specialties, with residents required to pass both an oral and written exam to gain certification. This book is specially designed for the American Board of Anesthesiology Oral Examination. The evidence-based approach is presented in a concise outline-oriented format, with an emphasis on test results and visual images. The Knockout Treatment Plan demonstrates the correct method of managing the case to the satisfaction of the examiners, while the Technical Knockout sections give additional tips for successfully passing the examination. The straightforward format of this book makes it suitable not only as an oral review book but also as an introduction to anesthesia rotations for medical students, medical interns, and nurse anesthetist students; furthermore, the book can be used as a technical study guide for anesthesia residents. More than 100 topics in this book have already been board-review tested by residents.
