Such a man was Dr. Samuel Gridley Howe. The progress achieved during the twenty-five years that have elapsed since his death has proved the intrinsic value of his wisdom and sagacity in working out practical, fundamental principles for the management of philanthropic and educational institutions. Lest his noble service should be forgotten by those who should hold it in grateful and affectionate remembrance, the graduates of the Perkins Institution and Massachusetts School for the Blind determined to recognize in an appropriate manner the one hundredth anniversary of the birth of their great benefactor.
