Reviews

This is an amazing book that I actually have actually read through. I am quite late in start reading this one, but better then never. You will not truly feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).

THE ART OF WALT DISNEY: FROM MICKEY MOUSE TO THE MAGIC KINGDOMS AND BEYOND (HARDBACK)

Abrams, United States, 2011. Hardback. Book Condition: New. New. 310 x 257 mm. Language: English . Brand New Book. Since it was first published in 1973, *The Art of Walt Disney* has established itself as an indispensable classic of illustrated book publishing, selling hundreds of thousands of copies. Offering a comprehensive history and tribute to the career and legacy of Walt Disney, this book was the first to reveal the wealth of concept art, animation drawings and archival material that is created in the course of animating films. And for many readers, it was the first art book that they came to own and treasure. *The Art of Walt Disney* went through two updates at the hand of its experienced author, Christopher Finch, both adding chapters to the original book. Now comes the first completely revised edition, thoroughly reworked to give a balanced view of the achievements of the Disney Company in filmmaking, theatre and theme parks from Walt's day to the present. This new edition also shows how John Lasseter and his team at Pixar have equalled and extended Disney's achievements in feature animation. In researching and writing the new chapters, Christopher Finch builds upon his unparalleled access to leading filmmakers and artists at Disney.
