I just began reading this pdf. It is actually written in straightforward words instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

GATEWAY TO FOREVER

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Two hundred years from now, the world is eerily like ours, but much worse. Global warming, no longer the subject of debate, is a fact. Income inequality has created an unbridgeable divide between the ultra-rich and the rest of humanity who suffers from hunger, epidemics, pollution and war. The ultra-rich, a.k.a. as the forevers or One Percenters, are the only ones who benefit from the advances of Science, in particular from the Age Prevention Program (APP) that keeps them disease-free and looking young till the day they die at the natural end of their lives, around 140 years. Alice, young and beautiful but born on the wrong side of the tracks, is determined to make it. But the road to the forever world is long and arduous. First, to enter the exclusive APP club, she must be co-opted. Next, she has to be admitted among the few APP members chosen to settle a distant, green planet or, alternatively, retreat to Antarctica, the last virgin continent. Can Jamie, an attractive investigative reporter she s just met, help her? The trouble is that he s involved with another remarkable woman, Lizzie Woods, a dynamic golf champion, descendant of the mythical Tiger Woods. And Lizzie has pressing problems of her own that demand Jamie s attention. This is the novel of Man s threatened existence on Earth and the search for alternatives. It was highly praised when first published in serialized form under the title Forever Young. Excerpt from recent reviews: - A very plausible future. Too plausible. Scarily plausible. (Bob Rector) - A cast of characters that range from fascinating to despicable. (Marsha Roberts) - A prophetic view of our...
