This pdf is very gripping and fascinating. We have read and that i am certain that i am going to going to read once more again in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Apress. Paperback. Book Condition: New. Paperback. 312 pages. Dimensions: 9.2in. x 7.0in. x 0.8in. Most of the project management books on the market are basically textbooks. They are dry to begin with and don't focus on the practical advice that most people need to run their projects. **Lessons in Project Management** does not assume you are a project manager building a nuclear reactor or sending a man to the moon. Instead, it focuses on the millions of people who manage normal, medium-to-large projects on an ongoing basis. Each case study in **Lessons in Project Management** contains accessible, easy-to-read case studies in real-world project management challenges. Each presentation of the problem is followed by an examination of the solution, written in easy-to-understand language. The format allows you to relate better to the book since it brings into play a project scenario with practical project management lessons to be learned. You'll also recognize recurring characters that appear in multiple stories and you'll start to develop some empathy and interest for their struggle.
