Kregel Publications,U.S., United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. For married women who feel like single parents Bookstore shelves are full of parenting resources for moms who are newly divorced or widowed. But where do moms turn if they feel like a single parent--but they re not? Whether he is away on business, deployed in the military, or obsessing over a computer game, dad may not be available for a variety of reasons. Moms who parent in this situation still need help and don t necessarily relate to the advice given in divorce recovery or single parenting resources. Married Mom, Solo Parent is a common-sense, down-to-earth look at the struggles wives and mothers face when their husband is not actively involved in family life. Writing from her own experience as a married single mom, Carla Anne Coroy will help wives and mothers sort through their questions, such as: Can I do this alone? How do I raise kids to honor their father? How do I give my children a healthy perspective of marriage if they never see one in action? With practical suggestions, anecdotes, and biblical teaching, this book will encourage moms to see their position as a high calling, to find healing for their worries and frustrations, and to tap into God s strength for help in facing the daily challenge of being a married mom, solo parent.
