Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Consumers Co-Operative Movement The reader will find in this book, not a history of the Co-operative Movement in Great Britain, but a descriptive analysis of its present position, with a survey of its relation to other manifestations of Democracy and of its possibilities for the future. We have now been for thirty years investigating and describing democratic institutions, and only in the twenty-ninth year did we publish any volume dealing with national government or the Political State. We started at the opposite end, not only because the other manifestations of Democracy - in Trade Unionism and consumers Co-operation, and in the various developments of Local Government - had been relatively neglected by writers on Political Science; but also because, to us as Socialists, these other manifestations seemed actually of greater importance than the Political State itself. For we have always held that it is in this spontaneous undergrowth of social tissue, rather than in a further hypertrophy of the national government, that will be found, for the most part the institutions destined increasingly to supersede the Capitalist System. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
