How can health best be restored to an impaired analyst? Do analytic training relationships teach overfamiliarity? Sixteen internationally known Jungian analysts examine the psychology of professional and not-so-professional patient relationships. Their thought-provoking essays will force you to pause, reflect, and question a little more before passing judgment. Codes of ethics evolve over time and may be different from culture to culture. ROSS and ANN BELFORD ULANOV from New York City. Other authors practice in Israel, Italy, South Africa, and the United States.
