Brand New Book ***** Print on Demand *****.Excerpt from The Changing and the Permanent in Liberal Education Among the many movements affecting the higher interests of society during recent decades none has been more conspicuous than that which has modified collegiate education. Marked tendencies toward change have made headway, and concession has been more common than opposition. Have we then a new education? Have traditional methods and aims been superseded? Do the changes touch what is vital, or are the best values conserved? Is a reaction to be desired, or shall the present trend go on? These are questions to which an intelligent answer can be given, only as we search for elements fixed and variable, and so discover the changing and the permanent in liberal education. It is not a question, of new subjects or new methods of advanced instruction, for education and instruction are not identical. Higher instruction may be quite different from liberal education. Moreover, the term liberal does not necessarily mean bountiful. Plentifulness of subjects does not guarantee liberal training. Higher education, in order to be liberal, must have a...
