River Basin Organisations**  
A Comparative Assessment of Financial Sustainability in  
River Basin Organisations: Lessons for  
Developing Countries

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | A Comparative Assessment of Financial Sustainability in River Basin Organisations: Lessons for Developing Countries | River Basins are the ultimate source of water required to satisfy competing needs in a given area, and provide the smallest hydrological unit under which water can be managed. With this awareness a large number of river basin organisations have been started. These organizations have the mandate of consultation with the different stakeholders, balancing water supply and...
