

Prognosis Disaster: The Environment, Climate Change, Human Influences, Vectors, Disease and the Possible End of Humanity? (Hardback)

By David Arieti MS

AUTHORHOUSE, United States, 2011. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. PROGNOSIS DISASTER is a book about human induced environmental change and disease. Climate change, global warming and deforestation threaten human, animal and plant populations with disease more virulent than previously known. The majority of this book deals with how human influence the creation and spread of diseases old and new. This book will be useful as a reference on disease and environmental science, and as a call to action. Unless we take active measures now to stem pollution and greed, all life on the planet is doomed. The choice is yours.
