Boundaries of the Law: Geography, Gender and Jurisdiction in Medieval and Early Modern Europe (Hardback)

By -

Taylor Francis Ltd, United Kingdom, 2005. Hardback. Book Condition: New. 236 x 155 mm. Language: English . Brand New Book. Exploring the boundaries of the law as they existed in medieval and early modern times and as they have been perceived by historians, this volume offers a wide ranging insight into a key aspect of European society. Alongside, and inexorably linked with, the ecclesiastical establishment, the law was one of the main social bonds that shaped and directed the interactions of day-to-day life. Posing fascinating conceptual and methodological questions that challenge existing perceptions of the parameters of the law, the essays in this book look especially at the gender divide and conflicts of jurisdiction within an historical context. In addition to seeking to understand the discrete categories into which types of law and legal rules are sometimes placed, consideration is given to the traversing of boundaries, to the overlaps between jurisdictions, and between custom(s) and law(s). In so doing it shows how law has been artificially compartmentalised by historians and lawyers alike, and how existing perceptions have been conditioned by particular approaches to the sources. It also reveals in certain case studies how the sources themselves (and attitudes towards them)...

An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.
